

## Stichting BF Annual Report 2021

### 1. Introduction

Stichting BF is a foundation committed to supporting sustainable social development through education and humanitarian aid. The foundation aims to provide support to impactful projects with a general public benefit purpose (ANBI). Stichting BF functions as an independent vehicle to educational and non-profit institutions across various countries. The year 2021 marked the foundation's initial phase of financial activity and strategic planning. This report outlines the financial performance and developments for the year 2021.

### 3. Statement of Financial Activities

In 2021, Stichting BF received an initial capital contribution from the members of the Coöperatief. This was recorded as both membership capital and a loan receivable from participation interest, reflected under financial fixed assets.

#### **4. Strategic Outlook for 2022**

Stichting BF intended in 2022 to develop its participating interests and strengthen its foundation capital. The foundation planned to support impactful educational and charitable initiatives in line with its statutory objectives.

#### **5. Conclusion**

In 2021, Stichting BF laid the groundwork for its financial and strategic operations. With a strong opening result, the foundation was well-positioned for further impact and financial growth. We thank all stakeholders and contributors for their support in this formative year.

#### **6. ANBI Registration Details**
